salt Lake Takes Second Game of Double Header by Score of Seven to One.

> HOW THEY STAND.

Salt Lake made it two straight yesterday, taking the double-header from the Butte Miners, the morning game by a score of 6 to 3, and the atternoon game, 7 to 1. Thomas should have scored a shutout and would have done so bad it not been for the carlessaness of Kelly who permitted Fortier to scramble home after a long hit. The ball sailed over his head and Kelly jogged along after it, but did not hurt himself by running. Had he fielded the ball as he should have done the runner could have been cut off before reaching home. Thomas pitched a spiendid game as also did Marshall for Butte. The detailed score follows:

#### BOISE AND HELENA EACH WIN A GAME

Helena, July 5.—For the third time this week Butler pitched the Irrigators to victory over the Senators today. Remneas, a new man, opened the game for Bolse, but was batted out of the box in the first inning. Butler replaced him. In the fourth inning Helena had a lead of seven runs. Helena added three more in the fifth, but after that Butler shut the Senators out. After the fourth inning Boise began to hit Gordon hard, and he was taken out in the seventh and Ames substituted. Helena could not stop the Irrigators, however, and they tied

almes was taken out in the seventh and Ames substituted. Helena could not stop the Irrigators, however, and they fled the score in the eighth and won the game in the ninth, Butler won his own game, scoring Fuchell from second with a single. In the fifth inning "Home Run" Joe Marshall put the ball over left field fence for a home run.

Manager Huston will protest the game on the grounds of a decision by Umpire Fink in the eighth inning, which permitted Boise to tie the score. Dolly Gray, who was coaching on the third base line, interfered with Harmuth in catching a throw from Elsey and Nelck scored on the play. The umpire sent Nelck back to third base to run it over and later he scored on Marshall's single. Manager Huston holds that Nelck should have been called out. Score:

#### Tonight's Meeting Will Decide Fate of Intermountain Ball League WILLIE MAKES RECORD

Managers of the baseball teams representing Salt Lake, Helena, Butte and Boise, in the Intermountain Baseball league, with President Lucas, meet at Butte tonight and when the session adjourns it will be known whether or not we are to have any more league ball. That the organization is upon a shaky foundation—financially—is generally admitted and the outlook for further will have league ball. If we do not the league will disband. It will be the end of it and we will probably accept a proposition to play independent ball in Montana. President Lucas will be present at the meeting tonight and we are waiting here for a report. This morning I cancelled the tickets we had purchased for Helena and I am free to say the outlook is not not the league will disband. It will be the end of it and we will probably accept a proposition to play independent ball in Montana. President Lucas will be present at the meeting tonight and we are waiting here for a report. That there is a scheme on to cut out Salt Lake and Boise and form a Montana state league was emphtically denied this morning by Player Manager Hammond of the Skyscrapers.

Manager Hammond said: "There is nothing to that report. The meeting tonight will decide whether or not we

shape themselves that we will be able to continue.

"The cause? Well, lack of attendance. I cannot understand why we have not had better attendance. We have played consistent and winning ball. Of the last 26 games we have played we have won 21 of them. The best attendance has been at Helena. If everything goes right as we hope, we will leave tonight for Helena."

## **TCHAMPION WINS** FROM BILLY PAPKE

Round of Victors Fight of Twenty Rounds.

Arena, San Francisco, July 5.—Stanley Ketchel of Michigan is still the world's middleweight champlon. In a desperate, gruelling battle, during which the champion was constantly on the aggressive, he was awarded the decision over Billy Papke of Illinois at the end of the twentieth round—the scheduled number. Ketchel claimed to have broken his right hand in the sixth round, and this assertion subsequently was verified. His left thumb also was dislocated. The decision of the referee was greeted with a mixture of cheers and hoots.

Referee Roche, after the contest, made the following statement: "Ketchel was the aggressor at all times. Furthermore, he landed the cleaner and harder punches and scored, the only knockdown—in the tenth round—although nearly everybody seems to think that Papke had slipped to the floor. There is absolutely no question but Ketchel earned a clear-cut decision."

but Ketchel carned a cicar-cut decision."

As to the fight itself, the "assassin," as Ketchel has been christened by ring followers, bade fair literally to live up to this name. He forced the fighting from the tap of the initial gorg, and with the exception of the third, enjoyed a clear lead in the first half of the battle. In the eleventh Ketchel landed time and again with ponderous lefts, but try as he would he could not find a vital place. Both men were bleeding freely at this stage of the battle, Papke in particular spouting blood from his mouth and nose until the center of the ring resembled a shambles.

The feature of the fight was the viciousness with which both men fought and the apparent hatred that lurked behind every punch.

When seen in his dressing room Ketchel gave out this statement:
"I broke my right hand in the sixth round, and later on—the eight round, I believe—I dislocated my left thumb. But for these mishaps I would have made short work of Papke. I could not hit effectively when the opporunity came, especially in the tenth round. I will be only too glad to give Papke another chance.

Ed Papke, brother-manager of the

will be only too glad to give Papke another chance.

Ed Papke, brother-manager of the defeated pugilist, minced no words in showing his displeasure over the decision. He said that Papke should have been given a draw.

The defeated pugilist said that he would fight Ketchel again at any time. Willis Britt said that unless Ketchel's hands improved the champion would not be able to fight Jim Flynn in Los Angeles on July 14 next.

## AS SIGN ARTIST

Eugene Wille, the noted automobile driver who, it is claimed, can climb more telegraph poles, hit more rocks and do more somersaults with his automobile than any other man in the country, has established a record as a sign artist. If yon don't believe it ask any visiting or local Elk.

Wille is a member of a committee to receive and entertain visiting Elks and during the past few days has burned up considerable gasoline and ruined some tires chasing about town in his gasobuggy hustling for good things for visiting Elks. Yesterday he took it into his head to have a big sign stretched across the street from the Elks' clubhouse to the Bell Telephone building, calling attention to the fact that visitors are welcome. He had the sign made and talked about it so much that City Supt. Irwin of the telephone company volunteered to furnish the block and tackle and a gang of husky men to hang the sign. Everything was in place before the sign was brought out, and then Wille produced it. Then there was a shriek and a laugh and more laugh. The sign was made of paper but it was hung just the same—and lasted about as long as a snowball would in a certain place of torrid temperature presided over by a spiked tail monster armed with a four-tined fork.

# More Red Streaks

Last week a gentleman who had been indebted for fifteen or twenty years sent word that he wanted to settle up all his claims. We found some of them had been owing for twenty-five years. He paid us \$200 and a piece of real estate and obtained receipts in full on every claim we had against him. We are demonstrating every day that Red Streaks of Honesty Exist in Every-Streaks of Honesty Exist in Every-body. The fact that claims are turned to us for collection does not mean that our clients have less confidence in their debtors, but it means that our clients need the money. If you need any money, turn in your claims. The science of finance is in obtaining the money that's coming to you. We are scientific collectors of the money.
